Governing Board

The Governing Board members conduct themselves respectfully while being able to generate productivity in order to better our school.

Dialogue is always encouraged at all meetings in order to ensure that the parents of our school are represented fairly and accordingly.

All meetings of the 2022-2023 School Year were proactive and included conversations and opinions from all included.

McCaig is lucky enough to be part of a community that promotes diversity and inclusiveness. With this we can achieve our goals of understanding the mindset it takes to put forth the best possible tools for our students to continue to learn and grow while honoring one another’s uniqueness.
